

MIYO PROJEK LLC
UEI: KPRZFC9JNB63 | CAGE: 95JZ5
Capability Statement

Secure. Scalable. Mission-Ready. | SBA-Certified Women-Owned Small Business (WOSB)

ABOUT US

Miyo Projek LLC is a Microsoft AI Cloud Partner delivering secure, scalable, and mission-ready IT solutions to federal, state, local, and regulated clients. Specializing in cloud architecture, cybersecurity, Microsoft 365 and SharePoint solutions, Power Platform development, data analytics, and enterprise systems integration, Miyo Projek helps organizations modernize legacy environments, automate workflows, strengthen governance, and improve operational performance. Solutions are delivered in alignment with federal standards, including NIST-based frameworks and Zero Trust principles, enabling secure and efficient operations in mission-critical environments.

CORE CAPABILITIES

Digital Workplace & Collaboration

Microsoft 365, SharePoint, Teams, secure content management, collaboration enablement, and user adoption

Application Development & Modernization

Low-code and custom applications, workflow automation, legacy modernization, and digital service delivery

Enterprise Systems Engineering & Integration

Systems engineering, infrastructure integration, interoperability, and enterprise platform alignment

Intelligent Automation & AI

Power Platform automation, AI-enabled workflows, digital forms, approvals, and process optimization

Cloud Architecture & Integration

Azure and hybrid cloud, secure architecture, migration, environment management, and systems integration

Data Analytics & Business Intelligence

Power BI dashboards, KPI reporting, analytics automation, and decision support

Cybersecurity & Compliance

Secure-by-design solutions, Microsoft cloud security, NIST/FISMA alignment, governance, and compliance readiness

DevSecOps & Agile Delivery

Agile execution, CI/CD, release governance, and secure delivery practices

Program & Project Management

PMO governance, planning, risk management, stakeholder coordination, and status reporting
